THERE'S NEVER BEEN A BETTER TIME TO INVEST IN QUEENSLAND'S RESOURCE SECTOR.

This directory showcases a selection of Queensland companies at IMARC that are interested in speaking with you about investment opportunities.

Find out more about Queensland's resource sector, the Queensland Resources Common User Facility (QRCUF) and other investment opportunities.

Aeon Metals Ltd

COPPER

Aeon Metals is a Cu development company (up to 45/-tpa CuEq production) with an extensive tenement position in the world-class Mount Isa region of North West Queensland.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Paul Harris

paul.harris@aeonmetals.com.au

0488 550 882

Charlie Lamb

charlie.lamb@aeonmetals.com.au

0410 681 709

Iain Miller

iain.miller@aeonmetals.com.au

0448 016 388

AIC Mines Ltd

COPPER

AIC Mines is one of Queensland's premier copper growth companies, building a multi-asset production hub in North West Queensland.

Project status | Committed or under development (FID, construction)

Contact: Duncan Bristow
duncan.bristow@aicmines.com.au
0406 200 008
Aaron Colleran
aaron.colleran@aicmines.com.au

Cannindah Resources Ltd

COPPER

The Mt Cannindah Project is 100 per cent owned and contains an estimated 23.2Mt @ 0.93% CuEq for 122,000t Cu, 275,000 ozs Au and 8.0M ozs Ag plus significant Mo credits.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Cameron Switzer
cswitzer@cannindah.com.au
0427 772 111

Critical Minerals Group Ltd

VANADIUM / MOLYBDENUM

Critical Minerals Group is developing an integrated mine-to-battery vanadium supply chain:
Lindfield Mine → V_2O_5 /MoO_s production →
vanadium electrolyte (VE) manufacture.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Nicola Semler
nic@criticalmineralsgroup.com.au
0488 000 508

Custom Steel Fab Pty Ltd

COPPER

Custom Steel Fab Pty Ltd delivers quality structural steel fabrication and erection for mining, construction and industry across Queensland and Australia.

Project status | Committed or under development (FID, construction)

Contact: Gavin Starr
gavin@customsteelfab.com.au
0447 606 904

Diatreme Resources Ltd

SILICA

Diatreme Resources is developing the Northern Silica Project, a high purity “low iron” silica opportunity currently in final approvals stage.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Neil McIntyre
neil.mcintyre@diatreme.com.au
0468 370 660
Alastair Bauer
alastair.bauer@diatreme.com.au
0434 236 772
Chris Wicks
chris.wicks@diatreme.com.au
0438 865 758

Find @IMARC – A08 AMEC Pavilion

Dover Castle Metals Ltd

TIN

Dover Castle Metals is advancing a major north Queensland critical minerals project hosting tungsten, tin, indium, silver, lead and zinc.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Kathy Brooker

kbrooker@dovercastlemetals.com.au
0438 528 492

Ben Mayo

0413 774 774

bmayo@dovercastlemetals.com.au

Kevin MacNeill

0438 542 260

kmacneill@dovercastlemetals.com.au

Find @IMARC – A08 AMEC Pavilion

EQ Resources Ltd

TUNGSTEN

Mt Carbine, EQ Resources' flagship Queensland operation, anchors EQR's broader leading Western tungsten platform alongside its other leading global assets and is a producing source of tungsten concentrate for global supply chains.

Project status | Committed or under development
(FID, construction)

Contact: Ryan MacNeill
rmacneill@eqresources.com.au
0475 755 496
Rosalyn MacNeill
0476 596 601
Craig Bradshaw
cbradshaw@eqresources.com.au

Fable Resources Pty Ltd

COPPER

AI-first mineral explorer finding copper, rare earths, bauxite and gold in Queensland via Eirzan Copper, Kinkosa Critical Minerals and Valdur Rare.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Nicholas Williams
nick@fableresources.com
0456 772 272

Graphinex Pty Ltd

GRAPHITE

Graphinex is vertically integrating Esmeralda graphite with its Townsville demonstration plant and strategic Japanese and USA partnerships.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Art Malone
amalone@graphinex.com.au
0411 781 207
Tom Bell
tbell@graphinex.com.au
0429 333 369
Mark Lollback
mlollback@graphinex.com.au
0409 446 615

High Purity Quartz Ltd

SILICA

High Purity Quartz is developing its Sugarbag Hill quartz ore body and processing it to Ultra High Purity Quartz Sand for use in solar PV manufacturing.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Stuart Jones
stuart@ultrahpq.com
0477 847 346

Huntore Australia Pty Ltd

TIN

Huntore is a polymetallic mining and processing company in Far North Queensland. Primary foci are tin, antimony and copper. In production January 2027.

Project status | Committed or under development (FID, construction)

Contact: Steve Murdoch
steve.murdoch@huntore.com
0458 111 632

Iltani Resources Ltd

INDIUM / SILVER

Iltani's Orient Project has a resource of 62.5 Mt @ 81.5 g/t Ag Eq. (23 g/t Ag, 12 g/t In, 0.6% Pb, 0.7% Zn). Scoping study completion in early 2027.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Donald Garner
dgarner@iltaniresources.com.au
0438 338 496

Lava Blue Ltd

HPA / ALUMINIUM / ALUMINA / BAUXITE

Lava Blue is a technology licensing and HPA company targeting use in batteries, semiconductor fabrication, ceramics, 3D printing and sapphire glass.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Michael Ford
michael.ford@lavablue.com.au
0417 600 596
Joanne Bergamin
joanne.bergamin@lavablue.com.au
0481 149 411

Maronan Metals Ltd

COPPER / GOLD / SILVER

Maronan Metals Ltd is focused on turning a silver discovery into a mine in the rich northwest Queensland minerals province near Cloncurry.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Richard Carlton

richard.carlton@maronanmetals.com.au

0402 298 029

Dean Fredericksen

dean.fredericksen@maronanmetals.com.au

0438 589 296

Simon Bird

0418 739 220

Mount Isa Minerals Ltd

COPPER

Advancing copper exploration directly adjacent to Mount Isa, Queensland with uranium, quartz, gallium and critical minerals with exploration potential.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Nicholas Huffels
nick@mountisaminerals.com.au
0477 115 590

Multicom Resources Pty Ltd

VANADIUM

Multicom Resources is building its Saint Elmo Project – Queensland's first integrated project that will mine and refine vanadium pentoxide and HPA.

Project status | Committed or under development (FID, construction)

Contact: Andrew Napier
andrew@mcres.com.au
0419 660 174
Michelle Napier
michelle@mcres.com.au
0438 803 929

North West Phosphate

PHOSPHATE

North West Phosphate holds JORC-compliant phosphate resources across four tenement holdings in Queensland's North West Minerals Province – a critical input for fertilisers that feed the world.

Project status | Committed or under development (FID, construction)

Contact: Madeline Simmonds
madeline.simmonds@nwphos.com
0410 063 120

John Cotter
jcotter@nwphos.com
0418 466 891

Find @IMARC – A08 AMEC Pavilion

QMiner Ltd

COPPER

QMiner is a Queensland-based copper and gold explorer developing Mt Chalmers and Develin Creek, with a 15.1Mt @ 1.3% CuEq resource.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Andrew Sparke
andrew@qmines.com.au
0422 283 022
Peter Caristo
peterc@qmines.com.au
Tom Bartschi
tomb@qmines.com.au

Find @IMARC - MH064

Queensland Magnesia

MAGNESIA / MAGNESITE

Queensland Magnesia (QMAG) is a leading producer of premium-quality magnesia products.

Project status | Operating

Contact: Dr Christoph Beyer
christoph.beyer@qmag.com.au
0419 769 558
Brendon Pambid
brendon.pambid@qmag.com.au

Richmond Vanadium Technology Ltd

VANADIUM

Richmond Vanadium Technology has a mine-to-battery strategy to establish Queensland as a global supplier of critical minerals and BESS.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Joanne Bergamin
joanne.bergamin@richmondvanadium.com.au
0481 149 411

Brendon Grylls
brendon.grylls@richmondvanadium.com.au

Silica Australia

SILICA

Silica Australia is developing a large, high-grade, low-iron silica sand resource in Far North Queensland for export to Asian markets.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Trenton Clark
Trenton@silica-australia.com.au
0447 771 329

Silica Resources Australia Ltd

SILICA

The Mourilyan Silica Project is an advanced high-grade silica mining and processing operation located in Far North Queensland.

Project status | Operating

Contact: Robert Tindall
rtindall@silicareresources.com.au
0457 999 094

StanAurum Ltd

TIN / TUNGSTEN

StanAurum Limited is advancing a portfolio of high-quality tungsten and tin projects, supplying critical minerals essential to industrial and technology supply chains.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Tony Fawdon
0417 004 928

True North Copper

COPPER

True North Copper is advancing resource growth at Mt Oxide, near-term cash flow at Cloncurry and regional exploration in Queensland's Mt Isa region.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Andrew Mooney
andrew.mooney@truenorthcopper.com.au
0419 843 679

Tungsten Mining NL

TUNGSTEN

The Watershed Tungsten Project, about 130 kilometres north of Cairns, is planned as an open-pit operation processing around 3 million tonnes of ore annually to produce a 50 per cent tungsten trioxide concentrate.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Teck Wong
teck.wong@tungstenmining.com
0484 938 656
Gary Lyons
gary@garylyons.com.au
0411 222 304

Vecco Group

VANADIUM

Vecco is an integrated mining and manufacturing critical minerals business, creating a vanadium battery supply chain in Australia, USA and Europe.

Project status | Prospective (exploration, scoping, PFS, DFS)

Contact: Tom Northcott
tnorthcott@veccogroup.com.au
0412 334 002
Jon Hollis
jhollis@veccogroup.com.au
